Education Background

- University of Chinese Academy of Sciences(Computer Application Technology)2015.9-Now
- Beijing Institute of Technology(Software Engineering)   2011.9-2015.7
- Leiden University(Supported by China Scholarship Council)   2015.3-2015.5

Internship Experience

- DeepGlint   Web development Engineer   2015.7-2015.9

General Academic

- Academic Rank 2/62, Comprehensive Quality 1/62.
- **Scholarship**
  - National Endeavor Fellowship   **Ministry of Education**   2013
  - People's Scholarship(Seven times)   **BIT**   2011-2014
  - Competition Scholarship(Two times)   **BIT**   2014-2015
  - China Century Scholarship   **BIT/China Century Group**   2012
  - North Industries Scholarship   **BIT/CNIGC**   2014
- **Honorary**
  - Outstanding Student of BIT(Twice)   **School-level Honor**   2012-2013
  - Excellent League Member of BIT(Twice)   **School-level Honor**   2013-2014
  - BIT "Future Star of Software"   **Department-level Honor** 2012.12
  - Academic Achieve Youth Model   **School-level Honor**   2012.03
  - Best Debater of Freshmen Debate Competition **School-level Honor**   2011.11

Technology Competition

- The China Robot Contest and the Robocup Open   **National Grand Prize**   2013.08
- The 3rd China Software Cup Competition   **National 1st prize**   2014.07
- The China Robot Contest-Martial Arts Competition(1v1) **National 1st prize**   2013.10
- The China Robot Contest-Martial Arts Competition(2v2) **National 2st prize**   2013.10
- Lanqiao-Cup National Software Competition   **Beijing 2st prize**   2014.04
- The 11th BIT Challenge Cup Competition   **Grand Prize**   2014.05
- The 10th BIT Challenge Cup Competition   **2st prize**   2013.05
- Beijing Institute of Technology Science Competition Prize **2st prize**   2014.05

Social/Student Works

- Qihoo Expert Advisory Team Member   2013
- China Visual Analytics Conference 2014   2014.07
- SAE(Sina App Engine) developer   2014.12
- Director of ASSN Information Department   2012.06-2013.08

- Director of Software of School's Student Union Propaganda Department   2013.06-2014.06
- Volunteer of Beijing Youth Warm Winter Activity   2013-2014
- Volunteer of FLL Robot Competition 2014   2014.02

Interested Aspects

Data Mining and Visualization

Project Work/Lab Experience

- DID-ACTE(Leiden University) Exchange student   LIACS   2015.03-2015.06
- Weibo Events Analytics and Visualization System   BIT   2014.05-2014.09
- A Safe Communication App   BIT   2012-2013
- Data Science Research Group   BIT   2014.01-2015.6
- Director of Data Mining Laboratory   2013.12-Now
- Vice Director of Embedded Innovative Laboratory   2013.04-2013.12
- Director of BITAST Propaganda Department   2012.06-2013.08

Tech Achievements

- **An Integrated Security Monitor Vis System**: This component was developed from the examples that I had my internship in DeepGlint, which aims to visualize the system's monitor states in realtime. Demo: http://hijiangtao.github.io/ss-vis-component/
- **Chinese Reality Show-Dad Where Are We Going Broadcasting Visualization System:** Based on the scratched social data and rating data of popular show, the system deals with the pure data, and then visualize the data and its mining result at the same time. Demo: http://hijiangtao.github.io/variety-show-hot-spot-vis/
- **Dark-Tech Blog Theme:** Dark-Tech is a personal blog theme designed only for Hexo users. It does well in Simple Style and Responsive Layout, whose development is also based on Light Style. Fork it on Github: https://github.com/hijiangtao/dark-tech
- **Windows App-HiTravel**: A convenient travel note app, which supports functions of leaving notes, sharing photos, typing dairy and etc. More Info at http://apps.microsoft.com/windows/zh-cn/app/hitravel/694b73f1-8cd1-4752-84fc-dca78e1ae545
- **Unity3D Game-Collect&Strike:** An Online Shot Strategy 3D Game. Brief Introduction of this game: http://hijiangtao.github.io/2013/11/11/cs/
